

BERKS COUNTY
COMMUNITY FOUNDATION

Berks County Community Foundation
Think List For Involvement

- How important is the issue to the community? Do people care?
- Are the groups involved looking for a solution to a problem, or looking to have a problem?
- Do we have funds that can be used in implementation?
- Can we find a disinterested facilitator and a neutral meeting ground?
- Is there somebody better prepared/positioned to do this than we are? Do we need them as a partner or should we urge them to do this?
- How partisan is the issue?
- Can we affect a large number of people?
- How will our donors feel about our using the money they gave us for this?
- Is there an “exit door” for us if things do work out? What about if they don’t work out?
- Do we have relationships with the players?
- Does it fit our mission and values?
- Will it be fun?
